SERVICE HISTORY

My own bike purchased by me from new in 2012 , specified with short exhausts ecu upgrade, ohlins USD Forks and Manx pinstriping, simply 'as new' condition and carefully dry stored from new , recent new battery and service , (cherished number not included) reluctant sale as i'm sure you will simply will not find a better one. With Norton back up and running again with serious backing this time the future is assured for the brand , stunning head turning bike thats a pleasure to ride and hear with that Norton Air cooled twin bark
